

BEECHBANK PRACTICE FACILITY

The 6-hole Beechbank Practice Facility was officially opened by Paul Lawrie on Monday 13th June 2011.

The opening was attended by **sportscotland**, clubgolf, the Scottish Golf Union and Scottish Ladies Golfing Association, KGC Honorary members, past captains, current Club champions and Committee, clubgolf coaches and KGC staff as well as many of the current clubgolf members.

The development of this new facility was made possible through lottery funding secured through **sportscotland** and whilst open to all members will be used primarily for the coaching of our ever growing Junior Section.

Paul Lawrie is seen here driving off from one of the three driving bays.

The driving bays are open from 10:00 to 14:00 daily, with the 6-hole course open outside these times.

The area will enhance the excellent facilities the Club already provides and will prove a valuable asset for all members to enjoy in the years to come.

The area also has two bunkers and a practice putting green.

Here, Paul gives a 'master class' in bunker play to some of the clubgolf members and coaches.
